Re: Burnt Fork Distribution

Dear Sir:

I wrote you September 21, 1942, inquiring as to what action has been taken by the Burnt Fork water users with reference to the proposed stipulation of water rights which was to be considered at a meeting held August 1, 1942.

I have received no reply.

Will you kindly advise me as to the action taken and send me a copy of the Minutes?

Very truly yours,

Ed. H. Watson  
State Engineer.
